## FOREWORD

We, the members of the Beta Club Staff, are proud to offer a yearbook which will help to cherish in our memories the ties that have bound us to New Hope School.

We want this book to bring to us everything in which we took an active part. We want to keep our friends, teachers, and scenes in vivid recall.

In completing our task, we realize that mistakes are sure to occur; for these we ask your indulgence and your sympathy. If on the other hand you like our book, we will take any praise you wish to give us.

## AUTOGRAPHS

Mr. Joyner,

I've enjoyed this year  
and I think I've learned  
to like algebra better than  
I did before this year.  
Here's wishing you the best  
of luck and happiness always.  
Betty Jean Parks

Mr. Joyner,

It has been nice knowing  
you as well as having  
you as a teacher. Algebra  
was hard at times but I  
guess it was worth studying  
for. June Garris

Mr. Joyner,

Although you have been  
annoyed at me quite a  
few times, I have enjoyed  
being in your Algebra class  
this year. I wish you all  
the happiness in the world.  
The best of everything to you.  
Ruby Jean

Mr. Joyner,

I've enjoyed  
having you teach  
me this year, even  
though algebra  
has been a boring  
subject at times,  
but this was not  
your fault. My  
attention was just  
in other places. I  
wish you and Edna  
all the luck and  
happiness in the  
future. You really  
deserve it.

Barbara  
Moore

Mr Joryner,  
It has been a pleasure being  
in your Algebra class this  
year. Even though algebra was  
hard, I think you made it  
very enjoyable.

Shirley Stanley.
